ABSTRACT

Conducted through the joint auspices of the National Art Education Association and Illinois State University College of Fine Arts, this national survey gathered data through a mail questionnaire of more than 1,000 higher education institutions located in the United States, Puerto Rico, and Canada. The institutions included two-year and four-year colleges. The data from the responding institutions are presented in two parts. Part 1 is a statistical report of the information gathered. Part 2 is a history of each institution surveyed including the institution name, address, type of institution, total enrollment, degrees granted, student information, faculty information, courses available, and comments. INTRODUCTION

This national survey was conducted through the joint auspices of the National Art Education Association and the Illinois State University College of Fine Arts. Information was gathered through a questionnaire mailed to more than 1100 higher education institutions located in the United States, Puerto Rico, and Canada. Names and addresses of subjects for the research were compiled by using all two and four-year institutions listed by the National Art Education Association and cross-referencing it with the American Art Directory, thereby adding approximately 300 institutions citing Art Education programs among their offerings.

Two mailings were used to gather information contained in this study. The first was conducted during the first half of 1986 and the second, sent only to institutions not responding to the first, was conducted early in 1987. Approximately 225 responses resulted from the first mailing; over 100 resulted from the second, for a total of 334 questionnaires completed.

Researchers conducting this survey were Dr. Marilyn Newby, Professor of Art at Illinois State University and Director of the Higher Education Division (1985-87), and Nanette Carll, lecturer and doctoral student at Illinois State University.

Part I of this book is a statistical report of the information of the survey. It consists of a count of responses to each item of the questionnaire and, where possible, all comments added by respondents. Editorial notes, inserted after some items of the questionnaire in Part I, clarify the intent of the item, and, in a few instances, offer possible explanation for responses.

Part II is a listing of each institution surveyed, with information on all respondents. It is the intention of the authors to present a concise profile of each institution represented, including in so far as possible, complete comments of the individuals speaking for each. The format of the profiles is organized as follows:

NAME OF INSTITUTION	Public or private.

Part I: SUMMARY OF SURVEY RESPONSES

1) Total enrollment of school:

	No. of institutions 4-Year	2-Year
Less than 500	5	1
500 - 1,500	45	3
1,500 - 3,000	67	2
3,000 - 5,000	27	2

2) Full-time (10 hours or more) student enrollment in Art Education Program:

0 - 25	187	17
25 - 50	56	3
50 - 75	17	1
75 - 100	3	2

Forty-seven institutions (24 public and 23 private) reported no Art Education program. Some of these institutions, however, reported students enrolled in single Art Education courses offered within another program.

3) Part-time (9 hours or less) student enrollment in Art Education program:

0 - 25	228	16
25 - 50	17	1
50 - 75	6	1
75 - 100	3	2

4) Student enrollment in studio art program:

0 - 25	51	6
25 - 50	64	7
50 - 75	34	2
75 - 100	73	3
More than 100	44	2

5) Total student enrollment in Art Education program:

	Number of Institutions	
	4-Year	2-Year

7) Student enrollment in Doctoral Art Education program:

0 - 25	123	Not applicable
25 - 50	2	Not applicable
Not applicable	145	

8) Does the Art Education Program provide classes designed specifically for Education majors?:

Yes	25	11
No	2	7

9) If yes, what level of area are these classes geared toward? (check all applicable).:

Early Childhood	129	9
Elementary	246	11
Jr.High/Middle School	157	4
Secondary	161	3
Higher Education	12	1
Special Needs	59	2
Home Economics	6	0
Other	7	0

10) Does your Art Education Department provide an Art Resource to other majors? (similar to a minor in Art Education). If your answer was "No" skip items 11 & 12.:

Yes	124	4
No	140	15

11) How many hours does an Art Education Resource require?:

Specific hours vary. See individual schools in Part II of this report.

While the designation of "Art Resource was intended to denote a specialization (less than a minor) in Art Education for a student majoring in another field, usually elementary or junior high/middle school education, some respondents claimed a "Resource" which apparently described another type of offering.

12) How many hours does an Art Studio Resource require?:

Specific hours vary. See individual schools in Part II of this report. As indicated in Item 11, respondents described widely varying interpretations of just what constitutes a "Resource."

13) Approximately what percentage of the Fine Arts budget is allocated for the Art Education program?:

Responses vary from less than 1% to 100%. A majority of departments reported budgetary allotments within a range of 10% to 15%. Because of the fact that some Art Education programs exist as separate and autonomous departments and some are located within departments of a wide range of sizes and widely disparate budgetary systems, these percentages do not, in and of themselves, provide researchers with definitive information. However, perhaps they are an indication of the level of importance placed upon Art Education in respective institutions. Because these statistics are of a temporary nature and likely to change from one fiscal year to the next, they have not been reported in Part II of this document.

14) Are supplies for the Art Education classes furnished by the Art Education Department, by the students, or both?:

	Number of institutions	
	4-Year	2-Year
Department	36	3
Student	31	3
Both	201	11
Other	1	
Not applicable		0

15) If supplies are furnished by the Art Education Department, are the students required to pay a fee?:

Yes	123	8
No	119	5

16) If yes, what amount is the fee?:

Amounts vary from $2.00 to $75.00. See individual schools in Part II of this report for specific information.

17) Terms of Art Education study offered:

Quarterly	38	3
Semester	210	12
Trimester	7	0
Yearly	16	2
Units	5	0
Workshops	25	2
Every other year	1	

18) Number of course hours required for Art Education certificate (specify number of hours for each):

Undergraduate hours vary from 2 to 468 (Canadian schools). Masters level hours vary from 12 to 468 (Canadian schools), with most reporting 30 - 36 hours required. Doctoral programs reported a range of 15 to 344 hours with most institutions falling within a range of 15 to 135 hours. It is the opinion of the editors that respondents may have reported a number reflecting total program hours rather than certification hours in this item and that, in a few instances, quarter hours may have been reported without clarification that they were not semester-hour requirements.

19) Level of Art Education certifications granted:

	Number of Institutions 4-Year	2-Year

This total represents an average of 2.26 Full-Time faculty for each of the 164 institutions reporting. The mean is 1.29 for the 287 institutions reporting that they have an Art Education program and 1.11 for the entire population of 334 institutions.

25) Part-time (49% or less) faculty in Art Education program:

	Number of Institutions 4-Year	2-Year	Total
1 - 3	142	10	
4 - 6	14	1	
7 - 10	3	1

8	1		8
9	1		9
25	1	—	25
Total institutions reporting	160	10	
	Total Part-Time faculty		213

This represents a mean of 1.25 Part-Time faculty for each of the 170 institutions responding to this item, .74 of a faculty position for each of the 286 institutions claiming an Art Education program, or a mean of .64 of a faculty position for each of the 333 institutions surveyed.

26) Of the full and part-time faculty, approximately how many will be retiring in:

	Number of faculty in institutions 4-Year	2-Year	Total
3 - 4 years	84	10	95
5 - 6 years	59	1	60
7 - 8 years	59	2	61
9 - 10 years	88	2	90
11 or more years	334	8	342
None (retiring this yr.)	8	2	10
1 - 2 years	1		1

Responses to this item seem to indicate that while many young art educators are in the field (340 who intend to retire in 11 or more years), there might presumably be 106 leaving the field in 4 years or less and a total of 317 who will retire during the next ten years. Implications for young art educators wishing to enter higher education, for the maintenance of graduate programs to prepare those professionals, and for the present maturity of the profession may be inferred from these responses and those in the following three items.

27) What are the average ages of your faculty?:

Age	Number of faculty in institutions 4-Year	2-Year	Total

Our Art Education candidates are Studio Art majors and are required to fulfill all Art requirements. Knowledge of subject-content and "B"average or above in major required to teach. "In our institutional uniqueness we refuse to bend and offer courses we feel are a complete waste of time--and pray we can keep it that way."--Alice K. Case

COMMENT: Unique program--Art Education student taking Elementary and Secondary Art Methods courses concurrently with Student Teaching. In an attempt to bring theory classes to practice, this synthesis evolved. Students are enrolled in Student Teaching for 18 weeks, 4 days per week. Fridays are used as Art Education Seminar days. Student Teachers also meet one evening each week for 2 hours. Placements are close to campus so the student can commute. "The student is pushed into teaching a bit underprepared, but we achieve major growth over the hectic 18 weeks. We have used this system for 10 years. D.P.I. may force a change in the near future!"--William Schulear.
